

high cabinet afton brown oak

Item number: 20073393

Westerbergs Afton in brown oak is a stylish and spacious tall cabinet for the bathroom. The wood-textured surface gives it a tactile, elegant feel, while the soft-close door with integrated handle enhances the clean design. The cabinet provides ample storage for folded towels, toiletries and other bathroom essentials. The door can be fitted with either right- or left-hand opening.

The tall cabinet has four fixed shelves, three of which are glass. The glass shelves are removable for easier cleaning. Adjustable wall-mounting brackets make installation easier and allow the cabinet to be positioned accurately on the wall. A power socket with corner box is available as an optional extra. Combine the Afton tall cabinet with the matching vanity unit from the same range for a cohesive and well-balanced bathroom.

Detailed information

Item number

EAN 7333231011723

Standards and classifications

ETIM EC010013

Product dimensions and weight

Width	350
Depth (mm)	370
Height (mm)	1600
Net weight (kg)	28

Material and surface treatment

Main material	Chipboard
Surface treatment	Melamine faced
Color	Brown oak

Packaging dimensions and weight

Package height(m)	1,620
Package width (m)	0,365
Package depth(m)	0,390
Package weight(kg)	32,000

Miscellaneous

Suspension type	Justerbara upphängningsbeslag
Opening function	Soft close

Care instructions

In order to keep the furniture in good condition, it is important that you look after it. Our furniture is manufactured from materials with excellent moisture resistance but items should still not be exposed to too much water. Always wipe off any water on the furniture. The simplest way to clean your furniture is to use a moist cloth, perhaps with a little ordinary eco-friendly detergent. Avoid using any detergents and products containing abrasive agents, acids, ammonia, acetone or other chemicals (such as scouring powder, hairspray, hair dye, bleach, hair removal cream and nail varnish remover, etc.). If any of the above items should get on the furniture, they should be removed immediately in order to avoid damage. Avoid having any sharp objects near the furniture that might damage the outer surface.
