

drawer lighting 600

Item number: 20072030

LED lighting mounted in the basin vanity unit. The light comes on automatically when the drawer is opened and illuminates the drawer. The basin vanity unit has prepared holes for fitting the drawer lighting for easy installation. A transformer is included and is mounted in the back of the cabinet and connected to 230 V. If lighting is required in both drawers, use two sets of drawer lighting. Warm white light. IP20.

Detailed information

Item number		Material and surface treatment	
RSK	8934466	Color	Aluminum
EAN	7392429017190	Packaging dimensions and weight	
Stocked article	Yes	Package height(m)	0,050
Standards and classifications		Package width (m)	0,620
ETIM	EC002892	Package depth(m)	0,050
Product dimensions and weight		Package weight(kg)	0,500
Width	568		
Depth (mm)	40		
Height (mm)	30		
Net weight (kg)	0,5		
Luminaires and electrical components			
Power (W)	2		
Light temperature (K)	3000		
Type of light	LED lighting		
IP rating	IP20		

Care instructions

In order to keep the furniture in good condition, it is important that you look after it. Our furniture is manufactured from materials with excellent moisture resistance but items should still not be exposed to too much water. Always wipe off any water on the furniture. The simplest way to clean your furniture is to use a moist cloth, perhaps with a little ordinary eco-friendly detergent. Avoid using any detergents and products containing abrasive agents, acids, ammonia, acetone or other chemicals (such as scouring powder, hairspray, hair dye, bleach, hair removal cream and nail varnish remover, etc.). If any of the above items should get on the furniture, they should be removed immediately in order to avoid damage. Avoid having any sharp objects near the furniture that might damage the outer surface.
