

under cabinet afton 1200d brown oak w basin

Item number: 20073390

Westerbergs Afton in brown oak is an elegant vanity unit with a warm wood feel and tactile texture. The soft-close drawers have inset fronts with solid wood pull rails and provide plenty of space for both small and large bathroom essentials.

The vanity unit is supplied with the recessed Lugn basin in glazed porcelain, creating a complete and cohesive bathroom solution. Adjustable wall-mounting brackets make installation easier and allow the unit to be positioned accurately on the wall.

Purchase the tap, waste and trap separately. A power socket and drawer lighting are available as optional extras. For additional storage, combine the Afton vanity unit with the matching Afton tall cabinet from the same range to create a cohesive and well-balanced bathroom.

Detailed information

Item number

EAN 7333231011891

Standards and classifications

ETIM EC011381

Product dimensions and weight

Width	1210
Depth (mm)	465
Height (mm)	570
Net weight (kg)	67

Material and surface treatment

Main material	Chipboard, Porcelain
Surface treatment	Melamine faced
Color	Brown oak

Packaging dimensions and weight

Package height(m)	0,550
Package width (m)	1,220
Package depth(m)	0,632
Package weight(kg)	72,000

Miscellaneous

Suspension type	Justerbara upphängningsbeslag
Opening function	Soft close

Care instructions

In order to keep the furniture in good condition, it is important that you look after it. Our furniture is manufactured from materials with excellent moisture resistance but items should still not be exposed to too much water. Always wipe off any water on the furniture. The simplest way to clean your furniture is to use a moist cloth, perhaps with a little ordinary eco-friendly detergent. Avoid using any detergents and products containing abrasive agents, acids, ammonia, acetone or other chemicals (such as scouring powder, hairspray, hair dye, bleach, hair removal cream and nail varnish remover, etc.). If any of the above items should get on the furniture, they should be removed immediately in order to avoid damage. Avoid having any sharp objects near the furniture that might damage the outer surface.
