Width	700	Miscellaneous	
Net weight (kg)	230	Model	Freestanding bath
Water volume (l)	420		

Care instructions

Bathtubs in solid surfaces are made of a solid composite material consisting of minerals and acrylic. Clean the tub with a damp cloth and mild detergent, such as Clean & Shine bathroom. For more difficult stains, it is possible to use fine sandpaper. Then polish the tub with the polishing pad that comes with the tub.
